Joshua Adille

Computer Engineering Graduate

I am generally curious about everything and love to tinker with anything that catches my attention, especially technology-related stuff. I also enjoy solving problems whether casual or work-related. I am also a quick learner and can understand and utilize concepts quickly. I am a very driven and hardworking person. I have a decent understanding of C++ and Python programming languages.

EDUCATION

Bachelor of Science in Computer Engineering

Bicol University Polangui Campus

08/2019 - 07/2023   *1.744 (GWA)*

Thesis
- IoT-Based Thermoelectric Cooler for Breastmilk Preservation with Temperature Control and Monitoring

INTERNSHIPS

System Analyst

Pixel8 Web Solutions & Consultancy Inc.

06/2022 - 07/2022   *Legazpi*

Pixel8 offers comprehensive web and software solutions for businesses, aiming to enhance efficiency and ROI through international standard services.

Achievements/Tasks
- Identify problems and create solutions through research
- Create artifacts (MFD, flowcharts, FIF, wireframes & prototypes)

SKILLS

C++ Programming Language · Python · Javascript · HTML · CSS · MIPS Assembly Language · Problem Solving · Analytical Thinking · Communication · Arduino Microcontroller · AdobeXD

ORGANIZATIONS

Institute of Computer Engineers of the Philippines Student Edition - Bicol (2019 - Present)

ACHIEVEMENTS

2nd Runner-up, 2022 Region 5 CpE Challenge (C++ Programming) (01/2023)

Champion - ICpEP.se-BU CpE-Lympics Programming Competition (C++ Programming) (11/2022)

3rd Place -18th Bicol University Student Research and Development Forum (06/2023)

Latin Honors (Cum Laude) (06/2023)

LANGUAGES

English
Full Professional Proficiency

Filipino
Native or Bilingual Proficiency

INTERESTS

Driving · Web Surfing · Gaming · Music · Physical Fitness
